Easy handling of DAN-Boards

We offer handles and holes that make the boards easier to transport, position and install.

Choose from several standard positions and different handle and hole options – designed for practical, safe and efficient handling.

The dimensions shown are our standard dimensions and may vary depending on the product variant selected. Please contact your local Account Manager for further information on specific variants.

Available for:

DAN-Board Classic | DAN-Board Xtreme

DAN-Board Flex

Logo

Make your DAN-Board your own

You can order DAN-Boards with your own logo and the recycling symbol. We use laser marking – a method that only removes the outermost layer of the boards. This means that the boards are not weakened.

The simpler your logo, the better the result.

Available for:

DAN-Board Classic | DAN-Board Xtreme

DAN-Board Flex

See your DAN-Board before production

We create a mockup with your chosen handles, holes and logo and send it to you for approval before production.

Do you have any questions, or would you like to receive a specific offer?

Contact the Key Account Manager responsible for your area.
